That is not to say, of course, that the 218s don't go through the same rigorous and thorough machine work as Al's other heads: CNC-ported runners, PCD-milled deck, flanges, and valve cover rail. Al claims these heads are worth 20 to 30 rwhp over the stock, as-cast heads. The base machining and labor cost is \$795, plus a \$775 core charge (for brand-new heads). Additional charges apply for ...
