Human trafficking is the trade of humans, most commonly for the purpose of forced labour, sexual slavery, or commercial sexual exploitation for the trafficker or others. Mexico is a large source, transit, and destination country for victims of human trafficking. Government and NGO statistics indicate that the magnitude of forced labor surpasses that of forced prostitution in Mexico.

1. Introduction. Much recent scholarly attention has focused on the effect of globalization on human rights (Bjørnskov, 2008, De Soysa and Vadlamannati, 2011) and women’s rights in particular (Cho, in press, Potrafke and Ursprung, 2012).Yet, one important, and largely neglected, aspect of globalization with direct human rights implications is the increased trafficking of human beings (Cho ...

Human trafficking is a global and domestic human rights issue that is characterized by economic exploitation through force, fraud and coercion. Although boys and men are victims as well, the majority of individuals identified as trafficked for both labor and commercial sex are women and girls (U.S. Department of State, 2006). Traffickers lure, manipulate and control vulnerable individuals ...

In recent years, globalization and technological inflation have made it only worse. It only helped further excluding the continent and widening the gaps with the rest of the world. However development economists and experts from all boards are now approaching the problem from new angles to provide innovative ways to fight African poverty. Better yet, some African countries are now emerging as ...

Transnational crimes can be grouped into three broad categories involving provision of illicit goods (drug trafficking, trafficking in stolen property, weapons trafficking, and counterfeiting), illicit services (commercial sex and human trafficking), and infiltration of business and government (fraud, racketeering, money laundering, and corruption) affecting multiple countries.

[Negative vs. Positive Rights | Globalization101](#)

This can be seen with child labor, prisoner labor, and human trafficking. Workers are further exploited through the implementation of unsafe working conditions because they may have entered a country illegally and face jail time or worse if they report on their conditions. By opening borders, it becomes possible to open business activities, thereby removing the need of a black market for cheap ...

[Globalization and culture | United Nations Educational...](#)

Globalization has led to the exploitation of labor. Prisoners and child workers are used to work in inhumane conditions. Safety standards are ignored to produce cheap goods. There is also an increase in human trafficking.

[Globalism and Regionalism](#)

The IOM estimates Africa’s brain drain has cost nearly \$9 billion in lost human capital and growth potential since 1997. According to the United Nations Population Fund, 2006 State of the World Population report, Africa only retains 1.3 percent of the world’s health care practitioners. Thus, despite having over a quarter of the world’s tuberculosis cases and 64 percent of the total ...
