This article explores the Factory Method design pattern and its implementation in Python. Design patterns became a popular topic in late 90s after the so-called Gang of Four (GoF: Gamma, Helm, Johson, and Vlissides) published their book Design Patterns: Elements of Reusable Object-Oriented Software.. The book describes design patterns as a core design solution to reoccurring problems in ...

the British government, and local authorities in its plans to build a tyre factory near Carlisle, England. The facility was scheduled to be complete by the end of 2017. It was speculated that it could bring up to 500 jobs when production is up to full scale. Its goal was to manufacture 2 million tyres a year, mostly for motorsport specialist markets.
