In The Spirit of the Laws published in 1748, Montesquieu took a less playful tone. Rather than lampooning French customs as he did in The Persian Letters, he offered a wide-ranging comparative analysis of governmental institutions.He argued that the type of government varied depending on circumstances. This idea might not seem very radical today, but in the eighteenth century it implied that ...

The Spirit of Laws is widely regarded as Montesquieu's most significant work and it continues to inspire constitutions and theories of political governance today. Montesquieu's theory of the separation of powers – the trias politica – in which the judicial, legislative and executive branches of government are separate, formed the basis of democracies such as the UK and USA.

[The Spirit of the Laws Part Summaries | Course Hero](#)

Montesquieu devotes four chapters of The Spirit of the Laws to a discussion of England, a contemporary free government, where liberty was sustained by a balance of powers. Montesquieu worried that in France the intermediate powers (i.e., the nobility) which moderated the power of the prince were being eroded.

Montesquieu's seminal work, The Spirit of the Laws (1748), is a book about many subjects. A sprawling volume of massive ambition, its title sets the stage for its expansive reach. More than a mere discussion of laws in themselves, Montesquieu seeks to explain their underlying spirit. In so doing, he touches upon an interesting perspective: that the study of law is the study of education. Law ...
